# About me

Experienced software developer with a passion for creating innovative solutions. Solid foundation in web development from intensive training at Techover. Broad professional experience in various industries, including business, customer service and photography. Strong ability to learn, adapt and drive projects forward.

# Education

## Techover Web Developer, May 2024 - August 2024

Professionally trained by industry consultants to become a React developer.

# Experiences

## Web developer, October 2017 – March 2019

Helldog AB

Developed and maintained a customized e-commerce solution for Helldog AB, which involved both front-end and back-end work.

Implemented an intuitive user interface that made it easier for the customer to manage orders and update product databases, improving user experience and workflow efficiency. Consulted the client regarding the site's functionality and usability, resulting in an optimized site tailored to their specific needs.

Integrated the website with popular payment gateways such as Visa, Mastercard and PayPal, ensuring secure and smooth payments for customers. Configured and customized WooCommerce to meet specific requirements, increasing sales and customer satisfaction.

## School photographer, July 2017 – December 2018

Viron Media AB (Kungsfoto & Photomic)

Responsible for portrait photography of students of different ages, both individually and in groups, which required accuracy and technical skill. Maintained effective communication with school staff and students to ensure smooth photography processes. Managed advanced photography equipment and image processing tools to deliver high quality photos.

Learned to work effectively under time pressure while dealing with children and young people with different needs and personalities. Developed the ability to communicate clearly and adapt to different audiences, a skill that is invaluable in any customer-facing role.

## Customer Service Associate, June 2016 - Current

Releasy Customer Management AB

Experienced customer service employee with a focus on delivering a high-quality customer experience. Responsible for answering customer questions, handling complaints and developing customer service tools and procedures. Developed strong communication skills and the ability to handle complex customer situations in a professional manner.

## CEO/Founder, March 2015 – June 2016

Linköpings Nattleverans

Responsible for all aspects of the business, including finance, sales, inventory management and customer relations. Developed and implemented business plans.
